POLICIES AND PROCEDURES FOR FACULTY APPOINTMENT

I. INTRODUCTION AND POLICY

All initial faculty appointments to a Department in the School of Medicine (SOM) or the School of Health Professions (SHP) shall be made in accordance with the applicable Standards of Excellence, the Appointment and Promotions Guidelines and the framework outlined in this Policy.

II. FACULTY APPOINTMENT PROCEDURES

A. Initial Appointment Initial appointments at the

B. Appointment Nomination Package Required Checklist

1. Chair of the School of Medicine or VPDSHP Letter

- a. Rank at which candidate is being proposed.
- b. Time in current rank.
- c. Percentage of time allocated to the following areas: teaching, clinical care, research/discovery and administration/service.
- d. Department Chair of the School of Medicine or VPDSHP ability, experience, and accomplishments in each of the four areas mentioned above.

2. Letters of Recommendation Letters of recommendation external or internal are requested and obtained by the Department Chair of School of Medicine or VPDSHP. A faculty candidate for appointments is not permitted to solicit any letters of recommendation. Letters should be obtained from well-qualified scientists, scholars, educators, and clinicians who are able to provide a fair and objective evaluation with the candidate. The nature of the professional relationship of the candidate and the potential referee must be specified in the letter and there must be a brief statement of the relationship. The majority of the individuals submitting letters of recommendation should have no previous direct supervisory relationship with the candidate. In summary, letters should document how long and in what capacity the referee has known the candidate and should be addressed to the Department Chair of the School of Medicine or VPDSHP.

a. Salaried Faculty

- i. For Instructor:
 - (1) One letter from the Department Chair of the School of Medicine or VPDSHP.
- ii. For Assistant Professor:
 - (1) Three internal and/or external letters are required. They should be obtained from training directors, faculty

- iv. For Professor:
 - (1) Three external letters are required. They should be obtained from individuals at an equivalent rank for which the candidate is being proposed.
 - (2) They must come from three different institutions, at least two from outside the Commonwealth of Virginia.
 - (3) One letter may come from the Commonwealth of Virginia, but outside EVMS
 - (4) One letter may come from an individual who holds a position within institutes/organizations such as the NIH and has previously held an academic appointment at an equivalent rank
 - (5) They should address how the candidate is recognized nationally or internationally
 - (6) They should document excellence in one or more domain areas and meritorious contributions in other domain areas of assigned responsibility. (i.e., teaching, clinical care, research/discovery and administration/service)

- b. Non-Salaried Faculty

- i. For Instructor:
 - (1) One letter from the Department Chair of the School of Medicine or VPDSHP.

- ii. For Assistant Professor:
 - (1) Two internal and/or external letters are required. They should be obtained from training directors, faculty members at the training institution or other professionals with an academic appointment at an equivalent or higher rank than that for which the candidate is being proposed
 - (2) 7 KH \ VKRXOG GRFXPHQW WKH FDQGLGDWH¶V FRP participation in at least another domain area of assigned responsibility. (i.e., teaching, clinical care, research/discovery and administration/service)

- iii. For Associate Professor:
 - (1) Three external letters are required. They should be obtained from individuals with an academic appointment at an equivalent or higher rank than that for which the candidate is being proposed
 - (2) They must come from three different institutions
 - (3) One letter may come from an individual who holds a position within institutes/organizations such as the NIH and has previously held an academic appointment at an equivalent or higher rank
 - (4) They should address how the candidate is recognized regionally or nationally
 - (5) 7 KH \ VKRXOG GRFXPHQW WKH FDQGLGDWH¶V PHU more domain areas and/or competence in other domain areas assigned responsibility. (i.e., teaching, clinical care, research/discovery and administration/service)

- iv. For Professor:
 - (1) Three external letters are required. They should be obtained from individuals at an equivalent rank for which the candidate is being proposed.
 - (2) They must come from three different institutions, at least two from outside the Commonwealth of Virginia.
 - (3) One letter may come from the Commonwealth of Virginia, but outside EVMS

3. Curriculum Vitae and Additional Required Information. For the purpose of appointments, the candidate should provide the information requested on the ECUMS Curriculum Vitae form, available from FAPD. In addition, the candidate should provide additional information not already included in the Curriculum Vitae format as required for documentation of scholarly activity as outlined in Section VII. All candidates should compile and attach a portfolio on each area (teaching, clinical care, research/discovery and administration/service) in which the individual has time allotted, documenting evidence of quality of teaching, assessments of clinical service, research, and contributions to the department.

4. Original Transcript of Terminal Degree. Candidate must provide an original transcript, with raised seal, from the institution that awarded his/her terminal degree (only required for full faculty). Clinical faculty with appropriate credentials and a medical license within the Commonwealth of Virginia are not required to provide a transcript.

C. Senior Lateral Appointments (for candidates moving from another academic institution and requesting same academic rank as that held at prior institution).

To facilitate academic appointment for faculty who have been recruited from another academic institution and for whom appointments requested at the same academic rank (i.e., Associate Professor/Professor) that was held at the prior institution, the F D Q G Lateral Appointment Process could be expedited via a simplified packet submitted for review. An ad hoc sub-committee of the Appointments and Promotions Committee reviews the candidates. The ad hoc sub-committee consists of the A&P Chair and at least four (4) committee members selected by the A&P Chair.

Appointment Nomination package for Lateral Appointments at all ranks should

- submit all requirements for appointments outlined under Policies and Procedures for Faculty Appointment, prior to expiration of their provisional appointment.
3. The required clinical credentials must be complete prior to the beginning of any clinical activity including direct patient care, consultation or preceptorship.
 4. The President, Provost and Dean of the School of Medicine notifies the prospective faculty member by letter of the provisional appointment stating: a) termination date, b) that the full appointment/credentialing process must be completed by such date, and c) compensation payments will automatically cease by such date and EVMS will have no continued contractual obligation beyond such date unless a permanent appointment has been approved.
 5. The non-binding offer letter may not refer to provisional appointments.
 6. New Faculty will not be added to the EVMS payroll until the President, Provost and Dean of the School of Medicine has approved provisional status and the letter referred to in 4. above has been sent to the prospective faculty member. Retroactive pay (prior to the date

or (3) the effectiveness of educators. Scholarship can occur in each area of faculty responsibility: teaching, clinical care, research/discovery and administration/service. In addition, scholarship requires the dissemination of such knowledge/application for the benefit of others in a fashion that is tangible and can be peer reviewed and documented.

2) Evidence of Scholarly Activity

Below are examples of scholarly activity. When documenting activity under each example, a faculty member should include the list of information given under each example to describe the activity fully. An alternative to listing of requested information is to provide a narrative of a contribution or activity.

a) Publications

List publications including author, title, year of publication, journal and pages. The candidate may indicate the number of times a work has been cited or other information that gives an indication of its impact.

(1) Full-length publications

- (a) Peer reviewed articles
- (b) Non-peer reviewed articles
 - (i) Book chapters
 - (ii) Reviews
 - (iii) Case reports
 - (iv) Articles in lay publications
 - (v) Procedures/protocols
 - (vi) Electronic media
- (c) Books, monographs

(2) Presented Abstracts

- (a) Peer reviewed articles
- (b) Non-peer reviewed articles

b) Presentations

List actual presentations, indicating whether the presentation was invited, the target audience and whether the meeting was international, national, regional, or local.

1) Oral presentations

- (a) Plenary
- (b) Workshop
- (c) Seminars

2) Poster presentations

- 3) Discussant
- 4) Session Chairs

c) Patents

List patent applications and the status of each, providing the following:

- 1) Title
- 2) Inventors
- 3) Brief description
- 4) Disposition

5) Impact

d) Clinical Investigation and/or Clinical Trials

Indicate the level of involvement/contributions to the planning, implementation, and/or reporting beyond contributing patient care, records, etc., of each.

e) Development of Original Clinical Programs and/or Techniques

- 1) Brief description, including goals
- 2) Target population
- 3) Impact
- 4) Nature of dissemination

f) Development of Original Teaching Tools, Methods

- 1) Description of product, including objectives
- 2) Level of involvement
- 3) Target audience
- 4) Copyright status
- 5) Impact
- 6) Nature of dissemination

commitment to enhancing educational skills by participating in courses, conferences, workshops, or responsibilities

- o Serves as Advisor for medical student, health sciences student, postgraduate student or resident/fellow

Level 2. These activities should be recognized locally or regionally as being meritorious.

- o Prepares curriculum material (new courses, syllabus materials, Blackboard

- o Achieves funding of innovative educational program through national or international funding agency
- o Publishes educational works in peer-reviewed journals, television or radio or electronic sites
- o Develops educational and evaluation tools acknowledged as advancing field in disciplinary or interdisciplinary teaching and evaluation.
- o Citation by news bulletins, etc., of professional organizations

2. Research/Discovery/Accomplishments

Research takes many forms. Traditional biomedical researchers strive to enhance our understanding of the fundamental mechanisms underlying health and disease. Translational and clinical researchers aim to take these findings from bench to bedside and provide new tools and treatments to improve patient care. Public health is enhanced by work of epidemiologists, behavioral scientists, and social scientists who identify areas of need and provide evidence in support of the most effective therapies. Educational research identifies the best methods and tools for imparting knowledge to our students, and administrators use research methodology to improve practices in their areas of expertise.

Level 1. These activities should be recognized locally as being competent.

- o Extramural Funding: PI on foundation grants, PI for product/device donations support research, coinvestigator on indirect cost bearing grant
- o Publications: 1-2 journal articles/year in mid-tier journals with mid-tier impact, case reports, multiple articles in peer-reviewed journals

- o Offers major collaborative services with other faculty in attracting external funding not
- o Serves as an officer in state or local professional society
- o Serves as an Assistant or Associate Dean or other administrative appointment (Chairperson, Vice or Associate Chairperson of a department)
- o Serves as a Program Director, Clerkship Director or other position related to the mission of the School that involves significant time in administrative activities, such as program development scheduling, evaluation, documentation of unit activities.
- o Consults nationally regarding service related activities

POLICIES AND PROCEDURES FOR FACULTY PROMOTION

I. INTRODUCTION AND POLICY

Promotion to a higher rank by EVMS is primary recognition of excellence. EVMS recognizes that such excellence may be demonstrated in all academic domain areas (teaching, clinical care, research/discovery and administration/service). Promotion to a higher rank implies recognition by a faculty member that, concurrent with the honorand

- ‡ Reflect on the teaching engagement and skills of the candidate (if relevant)
- ‡ Comment on the commitment to clinical practice (if relevant), especially during the period for most recent appointment or promotion
- ‡ Address the extent and relevance of scholarly productivity, including strengths and weaknesses
- ‡ Reflect on the leadership abilities, qualities and reputation of the candidate whether in a local, regional or national/international setting
- ‡ Comment on the institutional and professional service contributions of the candidate. Provide perspectives on the character, skills, productivity, leadership, scholarly context or other qualities of the candidate, especially in relation to expectations at academic institutions.
- ‡ Any additional insight that may be helpful to the EVMS Appointment and Promotion Committee regarding W K H F D Q G L G D W H V S U R P R W L R G academic appointment

It is not expected for every letter of recommendation to address a specific aspect noted above, nor would the reflective referee be able to do so. Consequently, to ensure all of these areas are appraised, it is necessary for the candidate to have at least three letters in support of the nomination for promotion from various referees.

a. For Assistant Professor:

- i. Three internal and/or external letters are required. They should be obtained from training directors, faculty members at the training institution or other professionals with an academic appointment at an equivalent or higher rank than that for which the candidate is being proposed
- ii. 7 K H \ V K R X O G G R F X P H Q W W K H F D Q G L G D W H V F R P S participation in at least another domain area of assigned responsibility. (i.e., teaching, clinical care, research/discovery and administration/service)

b. For Associate Professor:

- ii. They must come from three different institutions
- iii. One letter may come from an individual who holds a position within institutes/organizations such as the NIH and has previously held an academic appointment at an equivalent or higher rank
- iv. In addition, up to three recommendation letters can be obtained from faculty or department Chairs of EVMS
- v. They should address how the candidate is recognized regionally or nationally

2. Curriculum Vitae and Additional Required Information For the purpose of promotions, the candidate should provide the information requested on the EVMS Curriculum Vitae form, available from FAPD <https://www.evms.edu/facultyaffairs>

FACULTY TENURE POLICY

I. INTRODUCTION AND POLICY

A decision to award tenure allows EVMS to retain its best faculty and preserve academic freedom. EVMS extends tenure based on the merit of the faculty member and the needs of EVMS to approved full time salaried faculty holding or being promoted to the rank of Professor or Associate Professor in accordance with this Policy.

II. TENURE ELIGIBILITY AND CRITERIA

A. Tenure Definition Tenure relates to faculty rank and salary and is the status granted to qualified faculty members which is reviewed at five-year intervals and which protects faculty from dismissal, except for Cause, Reallocation of Institutional Resources, and Severe Institutional Distress as set forth in the Grounds for Dismissal of Faculty Policy.

B. Length of Service Requirements

1. Initial appointees at the rank of Associate Professor (and faculty members promoted to the rank of Associate Professor) may be considered for tenure after three (3) years of service as Associate Professor at EVMS.

2. Initial appointees at the rank of Professor may be considered for tenure after two (2) years of service as Professor at EVMS.

3. Department Chairs of the School of Medicine or the VPDSHP at the professorial level may be considered for tenure at the time of initial appointment.

4. The foregoing probationary periods may be modified or waived upon recommendation of the Departmental Chair of the School of Medicine or VPDSHP and with the concurrence of the Tenure Committee, the President, and the Board of Visitors. After the passage of the probationary periods of appointment and review, tenure may be granted or the faculty member may remain on a term contract basis with the institution applicable to all other non-tenured faculty.

5. Tenure is unrelated to the administrative position of a Department Chair or Program Director.

6. The terms and conditions of every tenure appointment and any revisions will be stated in writing at the time of the appointment, be provided to the affected faculty member, and be made part of the academic faculty file.

7. A tenured faculty member relinquishes appointment with tenure upon resignation or termination of employment from EVMS.

C. Eligibility

1. Full-time faculty in the Basic Science Departments and School of Health Professions are eligible to be considered for tenure and with full base salary. Full base salary is defined as the current level of compensation (not including incentive or bonus pay) for a faculty member but not to exceed the average salary of the tenured faculty within the relevant rank and department.

2. Full-time faculty in the Clinical Science Departments at the rank of Associate

B. Initial Tenure Review and Appointment

3. The Tenure Committee will be notified

FACULTY GRIEVANCE POLICY

I. Introduction and Policy

It is the policy of EVMS that all faculty be given an opportunity to grieve in accordance with this policy and the procedures outlined herein. Disputes are best resolved amicably and informally through effective communication, and it is required that any Grievant shall have attempted to resolve any dispute in good faith before invoking the grievance process set forth in this policy. Similarly, faculty should understand that reviewing a formal grievance will involve a major investment of WKHLU Funds. Do not use the grievance process only to resolve important issues and do not file malicious or frivolous grievances or otherwise abuse the process.

II. Definitions

For purposes of this policy, the following definitions apply:

Action is a decision, action, or inaction, whether written or otherwise, by an EVMS administrator or body acting in an official capacity.

4. Any Grievance review or recommendation made

- c. Identification of applicable policies and procedures on which the Grievance is based, if any.
 - d. The date and outcome of any required preliminary steps as outlined in Section IV, if applicable.
 - e. An explanation or reference to any attachments that will be included with the Statement of Grievance.
 - f. The remedy sought by the Grievant as more specifically described in Section X.
2. The Grievant shall attach all relevant documentation that will assist the

B. Deficient Grievances

1. If the Committee determines that the Grievance is deficient because it does not meet a requirement set forth in Section VII (A)-4, the Grievance shall be rejected and the Chair shall provide such written notice.

2. If the Committee determines that the Grievance is deficient because it does not meet the requirements for the Statement of Grievance as outlined in Section V(A), the Chair shall notify the Grievant of the deficiencies and provide the Grievant with 30 days to correct all deficiencies and return to the Chair. The Committee shall have 60 days to review a revised Grievance. If the Grievance remains deficient, the Committee may reject the Grievance. At any time, the Chair may meet with the

C. Attendance

1. Grievance Committee A majority of the Grievance Committee shall attend the hearing. The President of the Faculty Senate may appoint alternates to serve in the place of Committee members that are unable to attend.

2. Advisors The Grievant and Respondent may each invite an individual EVMS faculty staff member to serve in an advisory capacity at the Grievance hearing. Advisors can be present throughout the entire hearing to provide support and advice to their advisee and/or to observe the proceedings. Although a Grievant and Respondent may seek legal guidance at any time during the grievance process, attorneys may not act as advisors or otherwise represent the Grievant or Respondent at Grievance hearings. Advisors may not also be witnesses and no advisor may provide testimony, statements or speak on behalf of their advisee, or otherwise participate in the hearing.

3. Witnesses Witnesses must be physically present and shall be permitted to attend only that portion of the hearing to provide testimony or as requested or approved by the Chair. If a witness is unable to attend, the Grievant or Respondent may submit a written statement prepared and signed by the witness with prior approval of the Chair. The Chair may require that the written statement be notarized.

4. Other Attendees The hearing will be closed to other attendees except that the Chair may request or permit other attendees to assist the Committee as necessary and the Grievant may request that the hearing be open to EVMS faculty and staff. If the Grievant requests an open hearing, the hearing will be open to only as many faculty and staff that may be accommodated in the hearing room and will not be broadcast.

D. Hearing Procedure

1. The Chair shall preside over the hearing and shall:
 - a. Maintain control over the hearing and direct the proceedings to ensure that sufficient time is allotted to each party.
 - b. Allow the Grievant and Respondent and their respective witnesses to present evidence and ensure that anyone providing evidence responds to questions by the Committee on his/her own behalf. The Chair may also limit the number of witnesses to prevent.

Development to be maintained. For Grievances that continue through a hearing, the Chair shall forward a copy of the Post-hearing report and the recording of the hearing to the Office of Faculty Affairs and Professional Development to be maintained.

B. Time Extensions The Grievance Committee may grant reasonable extensions upon requests made prior to the expiration of such deadlines or when it determines that an extension is reasonable and necessary.

members; 6) correct unsatisfactory ratings in one or more areas of responsibility through ~~specific~~ improvement plans designed to correct the deficiencies in a timely manner; and 7) fulfill reappointment, promotion and post-tenure reviews (when appropriate) for faculty.

III. PROCEDURE

A. Review

5. Failure or Denial to Submit If the faculty member does not timely submit or denies to submit annual performance review information to the academic unit administrative head, or designee, the faculty member shall receive an overall unsatisfactory performance rating, which will initiate the Faculty Improvement Plan described below, unless the administrative head determines the good cause exists for an exception.

6. Review File A copy of all signed annual evaluations shall be maintained with FAPD as SDUW RI WKH IDFXOW\ PHPEHU\ V DFDGHPLF ILOH

7. Use of Review The appropriate Dean of each school as well as the appropriate committees shall have access to the annual performance reports for subsequent annual review, reappointment, promotion, and, if applicable, tenure decisions. Annual performance reviews completed in the last three years, may be considered on the promotion and tenure process, but such evaluations are not determinative on promotion and tenure decisions. Satisfactory ratings in the annual performance reviews do not necessarily indicate successful progress toward promotion and tenure. Progress toward promotion and tenure requires scholarly accomplishment over a period of years in the broader range of faculty responsibilities and includes evaluation by external referees which is not part of the annual review process. Criteria and decisions regarding promotion and tenure are detailed in the applicable policies.

- iv. Attend departmental and collegial open meetings as a guest, subject to the bylaws of said unit;
- v. Eligible to serve on an Institutional Standing Committee as an ad-hoc or regular member.

Procedure

Application for Emeriti status may be initiated by the candidate, Chair, or Dean with the understanding that granting of emeritus requires approval by President/Provost and Board of Visitors and requires a 3 month process.

To initiate the process, the faculty member must submit a letter requesting Emeriti status and supporting evidence of academic contributions, including a current EVMS Curriculum Vitae, to the Department Chair by December 1st of the year.

Amendments

This Policy may be amended and the privileges changed from time to time at the discretion of EVMS through the appropriate processes and procedures, including with the advice and consent of the Faculty Senate. Such amendments shall be promptly communicated to all Faculty.

SABBATICAL LEAVE

Sabbatical leave may be provided for members of the faculty holding Associate Professor or Professor ranks.

A faculty member is eligible for sabbatical leave after every sixth year of continuous service on the faculty of the Eastern Virginia Medical School. The period of service is to be calculated from the time of first appointment to the full-time faculty with a minimum rank of Assistant Professor. Sabbatical leaves are not awarded automatically after six years of service, but are awarded on the basis of individual merit.

Compensation

The compensation during a sabbatical will be either at 100% rate for leaves of six months or less or 50% rate for leaves of BT /F1 f

EVMS Resolution Adoption of EVMS APT policies for SOM and SHP Faculty, policies draft

Whereas Old Dominion University (ODU) and the Eastern Virginia Medical School (EVMS) have jointly agreed to merge; and

Whereas the principle of shared governance provides faculty with a voice in the shaping the policies that govern their appointments, promotion, and tenure; and

Whereas Eastern Virginia Medical School has seven (7) established policies for the academic appointments, promotion, and tenure of its constituent faculty, as well as grievances and dismissal; and

Whereas those policies are enumerated as: 1) Policies and Procedures for Faculty Appointment, Promotion and Tenure, 2) Policies and Procedures for Faculty Appointment, 3) Policies and Procedures for Promotion, 4) Guidelines for Appointment and Promotion, 5) Faculty Tenure Policy, 6) Faculty Grievance Policy, 7) Grounds for Dismissal of Faculty; therefore

Be it resolved that the Eastern Virginia Medical School acknowledges that Old Dominion University will adopt seven (7) EVMS policies for appointments, promotion, and tenure (enumerated above) and that these policies will only pertain to the faculty of the School of Medicine and the School of Health Professions; and

Be it further resolved that the Eastern Virginia Medical School acknowledges that these policies will be added to the ODU Faculty Handbook as a separate chapter with a preamble (below) that clearly defines the scope of those policies as limited to the School of Medicine and School of Health Professions faculty; and

Be it further resolved that the language of these policies / will be jointly reviewed and updated by Old Dominion University and Eastern Virginia Medical School to ensure the language of the policies aligns with changes in nomenclature resulting from the merger and that the articulated scope of the policies is clearly limited to the School of Medicine and School of Health Professions faculty; and

Be it further resolved that the Eastern Virginia Medical School acknowledges that these policies will remain in effect until such time as they are revised and updated by the post-merger integrated Old Dominion University Faculty Senate (which will include representation from the School of Medicine and the School of Health Professions) and any subsequent changes are approved by the Board of Visitors for Old Dominion University; and

Be it further resolved that the Eastern Virginia Medical School acknowledges that the School of Medicine and School of Health Professions faculty will be subject to all other policies listed in the ODU faculty handbook and that the specific EVMS faculty policies enumerated here will ~~and~~ will be replaced by the corresponding ODU policies: 1) Annual Review of Faculty Performance, 2) Adjunct Faculty

Appointments and Promotions Policy, 3) Promotion Eligible Faculty, 4) Institutes and Centers at EVMS, 5) Policy on Consulting, 6) Policy on Off-Campus Speakers, 7) Academic Freedom, 8) Sabbatical Leave, 9) Process for Revising the Faculty Appointment and Promotion, Tenure, and Grounds for Dismissal Policies, 10) Visiting Faculty Policy, 11) Emeritus Faculty Appointments

Rationale both Old Dominion University and the Eastern Virginia Medical School recognize that their constituent faculties should have a voice in shaping the policies that govern their appointments, promotion, and tenure, as well as dismissal and grievances. Each institution has policies uniquely suited to its constituent faculties. One of the goals of the merger is to integrate the two faculties and jointly form a new faculty body. Over time, that integrated faculty body will have the opportunity to craft and revise policies for appointments, promotions, and tenure that will suit all its constituents. In the interim, the faculty handbook with language limiting their scope to the legacy EVMS faculty (School of Medicine, School of Health Professions) will apply to the faculty of the School of Medicine and School of Health Professions. This resolution asks the faculty senate to ratify this agreement.

Preamble to the ODU Faculty Handbook chapter which will contain the EVMS policies. While Old Dominion University and the Eastern Virginia Medical School have jointly agreed to merge, both institutions recognize that their constituent faculties must have a voice in shaping policies that govern their appointments, promotion, and tenure, as well as grievances and dismissal. It has been agreed that there will be one faculty handbook, and that the seven (7) EVMS policies for academic appointments, promotion, and tenure of its constituent faculty, as well as grievances and dismissal, enumerated in this chapter and revised to ensure the language of the policies align in changes in structure and nomenclature resulting from the merger and to provide clarity on the limited scope of the policies, will apply to the faculty of the School of Medicine and School of Health Professions. The faculty of the School of Medicine and School of Health Professions are subject to all other ODU faculty policies. These policies will remain in effect for the faculty of the School of Medicine and the School of Health Professions until such time as they are revised and updated by the Old Dominion University Faculty Senate (which will include representation from the School of Medicine and the School of Health Professions) and subsequent changes are approved by the Board of Visitors for Old Dominion University.
