## **2014-2015 TUITION & FEES AND OPERATING BUDGET**

Before presenting the specifics of the 2014-2015 Tuition & Fee proposal, a lengthy discussion ensued about the new developments in the State budget. President Broderick explained that Old Dominion was to have received \$15M in new funds, which would have increased its base adequacy and included funds for new faculty in order to improve the student/faculty ratio, and would have also assisted in raising graduation and retention rates. However, because of recent revenue projections, all new funds for higher education were removed from the budget. The news is sobering, but the administration will try to get this funding restored next year. Elizabeth Kersey noted that the House and Senate are ready to pass the budget today and then the Governor will have seven

[Rescinded June 12, 2014](#)

Mission Statement: Out of class student activities complement the University primary educational mission while adding substantial value and breadth to a student's educational experience. As members of recognized student organizations, students develop leadership skills, experientially learn about organizational dynamics, and contribute to the University and surrounding community through their programs and projects.

Recognized student organizations that have been approved through the University's annual recognition process, pursuant to Policy #4300, are eligible to be considered for university financial support.

Student organizations that receive financial support from the University must stipulate in their constitutions or by-laws that:

1. the primary purpose of the organization is educational; and
2. membership primarily consists of currently enrolled students and is open to any member of the University's student body unless membership restriction is legally permissible and consistent with University policy; and

Funds will not be provided to student organizations for activities or to pay for materials that in any way:

1. promote or oppose a political candidacy; or
2. financially support lobbying activities or religious worship services; or
3. promote violence or illegal activity, or defame individuals or groups.

Regardless of whether they receive university financial support, recognized student organizations are solely responsible for their financial obligations. The university will not be liable for debts or contracts made by them. Any obligation incurred by a student organization with a local merchant or others must be incurred in good faith and with the knowledge that the organization will be able to pay such obligation promptly. Under no circumstances may the organization use the name of the university in securing credit. The organization's sole responsibility for its obligations must be made clear.

APPROVED: June 20, 1990; Revised April 7, 1994; Revised June 12, 2014

RESOLVED, that upon the recommendation of the president, the Board of Visitors adopts as policy the Governor's Executive Order Number OneTwo (201494), "EQUAL OPPORTUNITY" as stated below:

EQUAL OPPORTUNITY

By virtue of the authority vested in me as Governor, I hereby declare that it is the firm and unwavering policy of the Commonwealth of Virginia to assure equal opportunity in all facets of state government. The foundational tenet of this Executive Order is premised upon a steadfast commitment to foster a culture of inclusion, diversity, and mutual respect for all Virginians.

This policy specifically prohibits discrimination on the basis of race, sex, color, national origin, religion, sexual orientation, gender identify, age, ~~or~~ political affiliation, or against otherwise

qualified persons with disabilities. The policy permits appropriate employment preferences for veterans and specifically prohibits discrimination against veterans.

State appointing authorities and other management principals are hereby directed to take affirmative measures, as determined by the Director of the, Department of Human Resource Management Personnel and Training, to emphasize the recruitment of qualified minorities, women, disabled persons, and older Virginians to serve at all levels of state government. This directive does not permit or require the lowering of bona fide job requirements, performance standards, or qualifications to give preference to any state employee or applicant for state employment.

Allegations of violations of this policy shall be brought to the attention of the Office of Equal Employment Services of the Department of Human Resource Management Personnel and Training. No state appointing authority, other management principals, or supervisors shall take retaliatory actions against persons making such allegations.

Any state employee found in violation of this policy shall be subject to appropriate disciplinary action.

The Secretary of Administration is directed to review annually state procurement, employment and other relevant policies for compliance with the non-discrimination mandate contained herein, and shall report to the Gove

5. Public Comment. Public comment shall be taken upon request of interested parties to an agenda issue. The request must be justified in writing via the President to the Rector and submitted at least 15 calendar days before the meeting at which the issue is to be addressed or public comment accepted. The points at which public comment will be accepted shall be specified in the published meeting agenda.
6. Closed Meetings. While convened in closed meetings, board members must be confident that they may engage in full and open discussion of legitimate closed meeting topics without fear or concern that comments or statements made therein will be revealed or disclosed outside the presence of the convened body. All board members and invited guests present during closed meetings should be mindful that the confidentiality of discussions is dependent on informed recognition of the confidential and potentially sensitive nature of such dialogue. Disclosure of information or documents including working papers,<sup>@</sup> revealed or discussed in closed meetings represents a breach of the confidentiality on which board members are legitimately entitled to rely. Additionally, unauthorized disclosures of closed meeting information could have the effect of inhibiting subsequent closed meetings.
7. Voting.
  - a. The authority of the Board rests in its majority, therefore, Board voting on issues or candidates for a position shall require a majority of votes cast, versus a plurality, to pass a motion or elect an officer or representative, except where otherwise specified.
  - b. In cases where there are more than two choices, the following shall apply. If on the first ballot, no choice receives a majority, the one receiving the smallest number of votes shall not be considered on the next ballot, provided that at least two choices remain on the ballot. This shall continue until a choice has received a majority of the required vote. Should two or more choices receive the same number of low votes and the total of these two choices when combined with any one other member's vote not constitute a majority, then the choices receiving the same number of low votes shall be eliminated. Should the total of the same number of low votes received by two or more choices when combined with any one other member's vote constitute a majority, then no member shall be eliminated and the balloting shall continue. Should more

than one ballot be required, the proponent of each choice shall be allowed one minute to address the membership before the next ballot.

- c. The Virginia Freedom of Information Act (Title 2.2, Chapter 37 of the Code of Virginia) precludes voting by secret ballot. However, voting procedures, using paper ballots for considering more than two alternatives, can include written responses provided such written responses are legibly signed by the voting member of the Board and duly recorded in the Board minutes so that they may not be considered secret ballots.
8. Meeting Minutes. Minutes should record action taken, policies adopted, resolutions passed, and discussions by the Board. Minutes shall be taken at all open regular, special, working session, retreat, and committee meetings as prescribed by the Freedom of Information Act (Title 2.2, Chapter 37 of the Code of Virginia). These minutes, including draft minutes, and all other records of open meetings, including audio or audio/visual records are public records and subject to the provisions of the Freedom of Information Act. Audio recordings shall be retained for three years and shall be available to the public. Minutes or audio recordings of closed meetings may be taken at the discretion of the Board by an approved motion to do so. Minutes of closed meetings, including drafts and audio or audio/visual records, are not public records and are protected by the Freedom of Information Act. Additionally, the Board shall make audio recordings of all electronic communication meetings.
9. Draft Minutes. Draft minutes are considered public documents under the Freedom of Information Act. Since they are papers designed to produce a finished document and may be incomplete or incorrect, they shall be clearly marked as drafts, handled with care, and destroyed when the minutes are approved. Draft minutes shall be circulated to all board members within fifteen working days of the meeting. Exceptions to the foregoing rule due to lengthy or complex meetings may be considered on a case-by-case basis by the Rector. If there are substantive errors, the draft minutes may be corrected by members by making a motion to correct the minutes on the agenda for the next regular meeting of the Board. Typographical type errors can be forwarded to the Secretary for correction.

### Introduction

Old Dominion University supports Internal Audit, as defined by the Institute of Internal Auditors, as "an independent, objective assurance and consulting activity designed to add value and improve an organization's operations. It helps an organization accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance processes."

2.

### Reporting Responsibilities

The Internal Audit Department is functionally accountable and reports to the Board of Visitors through the Audit Committee. The Department reports administratively to the President and works with the President or through a designated representative for the purpose of the day-to-day direction needed by the department in the mediation of audit scope and scheduling, plus budgetary and personnel concerns.

The Internal Audit Director shall have direct access to the President and to the Audit Committee of the Board of Visitors in any yps75ps75ps7ou one-149ps75ps7of Intern

4(1)-31149(D

### *Reporting*

The Internal Audit Department shall be free from control or undue influence in the determination of facts revealed by the examination or in the development of recommendations or opinions as a result of the examination.

### *Investigative*

The Internal Audit Department shall be free from undue influence in the selection of areas, activities, personal relationships, and managerial policies to be examined. No legitimate source of information is to be closed to the auditor.

### General

Objectivity is an essential element of independence. The independence of the department may be compromised if the internal auditor participated directly in the preparation or reconstruction of accounting systems, data, or records; thus members of the Internal Audit Department will be used only in an advisory capacity.

### System Planning and Development

The Internal Audit Department will participate, in an advisory capacity, in the planning, development, implementation, and modification of major computer-based and manual systems to ensure that:

1. Adequate controls are incorporated in the system;
2. A thorough testing of the system is performed at appropriate stages;
3. System documentation is complete and accurate; and
4. The intended purpose and objective of the system implementation or modification has been met.

The internal auditor participating in such a review should ensure that the extent of participation does not affect independence, thus suggested audit trails or other controls will be transmitted through formal correspondence.

### Responsibility for the Detection of Errors or Irregularities

The staff of the Internal Audit Department have a professional responsibility to conduct reviews with an attitude of professional skepticism, recognizing that the application of internal auditing procedures may produce evidential matter indicating the possibility of errors or irregularities.

If the internal audit staff believe that an error or irregularity may exist in an area under review or in any other area of the university, the Internal Audit Director shall be notified at once. The Internal Audit Director should consider the implications of such an error or irregularity and its disposition with the President and/or the President's designated representative. If the Internal Audit Director believes that both of the individuals are directly involved, then the disclosure of

potential errors or irregularities should be made directly to the chairman of the Audit Committee of the Board of Visitors.

The Internal Audit Department cannot be solely responsible for the detection and prevention of all errors and irregularities which may occur within the university. This is a responsibility shared by all members of the university management team.

#### Cooperation With External Auditors

The Internal Audit Director is responsible for coordinating the audit efforts of the Internal Audit Department with those of the Auditor of Public Accounts for the Commonwealth of Virginia and other external auditors that have business with the university. This coordination of audit efforts should be in the planning and definition of the scope of proposed audits so the work of auditing groups is complementary and will provide a comprehensive, cost-effective audit.

The Internal Audit Department shall assist the Audit Committee of the Board of Visitors in the evaluation of the external auditors' examination of the University.

#### Audit Plan

Each year, a proposed detailed audit plan for the next fiscal year will be submitted by the Internal Audit Director to the Audit Committee. Upon approval of the plan by the Audit Committee, the Internal Audit Director will initiate audits pursuant to the plan.

A block of time will be set aside for unexpected audits, special request audits and consulting, and cases received from the Commonwealth's fraud, waste and abuse hotline. In excess of this, any additions to the plan will require written documentation as to the need for such additions with final approval for the request being made by the President and Committee.

A copy of all approved revisions to the audit plan will be submitted to the President and the Audit Committee.

#### Audit Reports

At the conclusion of each audit, the department or activity audited will be provided an opportunity to respond in writing to the findings, conclusions, and recommendations of the Internal Audit Department. In addition, an exit conference will be held with the individual in charge of the department or activity under review. All findings, conclusions and recommendations will be discussed and any differences of opinion settled or so noted. A formal audit report will be prepared after the exit conference is held and draft report reviewed. This report will contain a summary of the function of the department or area, the objective of performing the audit, the audit methods used, detailed explanations of any issues noted and recommendations for improvements thereon. A section of the audit report will include the department's response to the recommendations made by the Internal Audit Department.

This report will be discussed with the chief operational officer (vice president) responsible for the area under review prior to the issuance to the President of the University. All final audit reports will be issued to the President of the University via the Chief Operating Officer, with copies to the ~~Vice President for Administration and Finance, the~~ Vice President of the area

audited and the department head. Executive summaries of all final audit reports will be presented to the members of the Audit Committee. Further distribution will be at the discretion of the Internal Audit Director.

The Internal Audit Department will conduct a follow-up review on audit reports issued to ensure

### **ADMINISTRATION AND FINANCE COMMITTEE**

The Rector called on Mr. Ainslie for the report of the Administration and Finance Committee. Mr. Ainslie reported that Vice President Fenning and Executive Director for Construction and Procurement Services Rick Berry briefed the Committee on the University's Small, Women, and Minority Owned Business purchases for FY14 in response to the Board-adopted FY14 SWaM Plan. The University is required to develop and implement annually a plan for promoting discretionary spending for goods and services with small, women-owned and minority firms. Mr. Berry reviewed the University's SWaM spending versus the annual SWaM goals for the past several years, noting that the University's "spend" has achieved or exceeded the annual SWaM goals. Vice President Fenning proposed annual goals for the University's FY15 SWaM Plan of 8% for minority-owned firms, 6.5% for women-owned firms, and 33% for small firms, an overall 47.5% goal.

The following resolution was brought forth as a recommendation of the Administration and Finance Committee and was unanimously approved by all members present and voting.
